

HELP WANTED

Help Wanted signs are hanging at every company using IT to function. Today's tech employers care less about where IT workers went to school and more about what they know, and how they share that knowledge with others. The Help Desk is a great "foot in the door" to a tech career.

IT HELP DESK JOBS*

Ready to start your IT career?

CompTIA Tech Career Academy offers classes to not only help you land a job on the help desk but also help you thrive in that job and build a successful career.
